

EAGLE

Versatile and sober street lantern employing a state-of-the-art LED engine for performance and efficiency

- Combines powerful and efficient LED optic
- Optic and heat dissipater protected to IP 65
- High optical efficiency.
- Engineered for low maintenance with accessible driver maintenance
- Quality by Design to minimize your Total Cost of Ownership
- Wide range of wattage: from 30W to 150W
- Resists high temperatures (Ta 50°C)

OUTDOOR LIGHTING

STREET LIGHT

Housing: Eagle housing made from die cast aluminum closed by toughed glass and durable silicon rubber gasket. Well designed die cast aluminum housing resistant heat sensitive electrical component. The fitting is designed with very efficient thermal management system.

Optical: UV resistant acrylic enclosure and high reflective, anodized aluminum street optic. With CRI>85 and high lumen efficacy giving the perfect illumination.

Electrical: Fitting is wired with very high efficient LEDs. The wattage of Led can be customized. Standard wattage are from 30W to 150 W.

Finishing: Complete fitting is pure polyester based powder coated with high corrosion resistance and chemical chromatised protection.

COLOR TEMPERATURE

Cluster of possibilities

Urban Roads, Streets, Park, Residential Area, Parks,
Car Parking, Bike Paths etc.
